

OPPORTUNITY

Scholarship Program

FEBRUARY QUARTERLY REPORT 2006

The Opportunity Scholarship Program allows parents to choose a higher performing public school, or a participating private school of their choice if their child(ren) attended, or were assigned to attend a failing Florida public school. A failing public school is a school that has received two "F" grades within a four-year period.

This report contains cumulative private school and student statistics through the September, November, and February payment periods of the 2005-2006 school year.

Next issue will be available: June 2006
