Scholarship Programs Technical Assistance

The 2020 Compliance season is around the corner! Private schools that participate in state scholarship programs are responsible for complying with the laws and rules related to the programs every year. Our office has created web-based tutorials and other technical assistance to help familiarize administrators with the requirements. Log in at www.floridaschoolchoice.org and select **Compliance Resources** from the left hand menu to access this helpful information.

Compliance Notes:

Employee Screening

Before employing instructional personnel or school administrators in any position that requires direct contact with students, participating private schools must conduct an employment history check on potential hires by contacting previous employers and retaining documentation of the results in the employee's personnel file. Potential employees must also be screened using the two employee screening tools available through the Department of Education: the Teacher Certification Database and the Professional Practices Database of Disciplinary Action. See **Employee Compliance Resources** when logged into our website for more information on the screening requirement and for links to the two databases.

Fiscal Soundness

To demonstrate fiscal soundness and accountability for scholarship programs, private schools that have been in existence less than three years, through the submission of an Annual Survey, are required to obtain a Letter of Credit, from a bank or other financial institution, or a Surety Bond, from an insurance company in an amount equal to 25% of the school's annual scholarship funding. If your school falls under this requirement, and your enrollment has exceeded your original estimate, you may need to amend your bond or letter of credit to secure a higher amount. Contact your Regional Manager to discuss the amount of surety required for your school.

Private School Attendance

Private schools that participate in K-12 Scholarship Programs are required to maintain a physical location in Florida where scholarship students regularly attend classes and have regular and direct contact with private school teachers. Students attending a private school must satisfy the compulsory school attendance requirement of maintaining regular attendance during the school term of **either** 180 actual school days **or** a minimum of 170 actual school days and the hourly equivalent of 180 actual school days. In Kindergarten, this requires 540 net instructional hours; in grades 1 - 3, 720 net instructional hours; and in grades 4 - 12, 900 net instructional hours.

[Rule 6A-1.09512, F.A.C.](#)

Norm-Referenced Testing

Private schools participating in the Florida Tax Credit (FTC) Scholarship, Family Empowerment Scholarship (FES), or Hope Scholarship Program must make provisions for students in grades 3-10 to take one of the nationally norm-referenced tests identified by the Department of Education. Gardiner Scholarship students for whom the tests are appropriate are also included in this requirement. Approved assessments and specific instructions are available on our website at: <http://www.fldoe.org/schools/school-choice/k-12-scholarship-programs/ftc/annual-assessment-requirement.stml>.

McKay Parent Affidavit Submission Updates

An approved parent affidavit is required for new students currently enrolled in the McKay Scholarship Program at your school. Remember parents of McKay private school students are required to have an approved Parent Affidavit Form on file with the Department in order to receive scholarship payments.

New Parent Affidavit Email!!

Moving forward please submit Parent Affidavit Forms **ONLY** to parentaffidavit@fldoe.org.

To submit the parent affidavit please email a **PDF** form to parentaffidavit@fldoe.org. **Our office will no longer be accepting picture format.** This email domain is **ONLY** for parent affidavits, **please avoid sending any other documentation.**

How to Check the Affidavit Status

To find out which of your enrolled students do not have a valid Parent Affidavit on file or a Parent Mismatch;

1. click on the "McKay Student List" link when logged in to our website and look at the "Affidavit Status" column.
2. If the column is blank, then our office has not yet received a Parent Affidavit for the student and one will be required to receive future payments.
3. If the column has a "Denied" status, then the parent name on the affidavit does not match the parent name associated with the student in our records.
4. Please compare the parent name in our system with the name on the affidavit you submitted for the student. **If the parent name in the system is incorrect, then submit a Guardian Issue Form and supporting documents to our office.** If the affidavit has been completed by the wrong parent, please submit a new affidavit signed by the correct parent.

Please be sure that every parent affidavit sent to us includes the following:

- a. County in which the school is located
- b. Printed name and signature of parent on file
- c. Students full name
- d. Notary signature and stamp

If the affidavit does not include all of the above, our office will not accept it. This may delay McKay payments.

PLEASE DO NOT SEND A COPY OF PARENT DRIVER'S LICENSE – this item is not required.

Note: Only if a scanner is not available for you, please fax or mail the parent affidavit.

McKay Student List and Withdrawal Procedures

Now that a new school year is well under way, please take a moment to ensure your McKay Student List is accurate. If a McKay student is no longer enrolled or attending your school, the student should be immediately **withdrawn** from your McKay Student List on the School Choice website. To withdraw a student, select the **Withdraw tab** on the student's general information page. Then enter the student's withdrawal date (last date of attendance), the name of the person completing the withdrawal, and a brief explanation of the reason for withdrawal.

*The withdrawal date must be **on or after** the student's first date of attendance. Therefore, if a student was enrolled but never attended, the student's first date of attendance should be entered as the withdrawal date. The first date of attendance is provided on the withdrawal tab as a reference.*

Private schools are responsible for the return of all scholarship funds that were received in error, including students who were not in attendance; therefore, timely submission of withdrawal information will save your school the inconvenience of returning incorrectly issued scholarship payments.

Please note that even if the parent of a McKay student has unpaid fees or incomplete documentation, the private school may not refuse to withdraw the student for these unresolved obligations.

Any payments you received for students not in attendance at your school should be returned to our office at the address below. If you have questions, please contact your Regional Manager.
