## ANNUAL REPORT 2010-2011

Office of Independent Education and Parental Choice Florida Department of Education

#### Florida's Private Schools

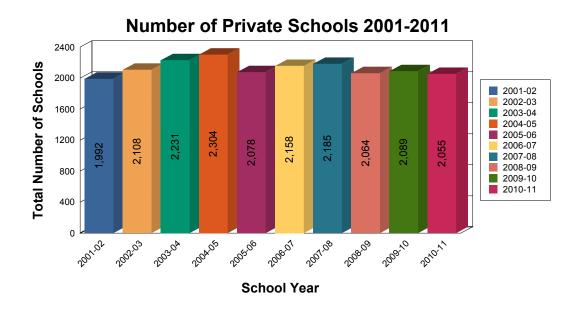

A private school is defined in Section 1002.01(2), Florida Statutes, as "an individual, association, copartnership, or corporation or department, division, or section of such organizations. that designates itself as an educational center that includes kindergarten or a higher grade" and is below the college level. Private elementary and secondary schools in Florida are not licensed, approved, accredited, or regulated by the Florida Department of Education. Private schools are required by statute to complete an annual online survey to gather information for inclusion in a statewide Directory of Private Schools.

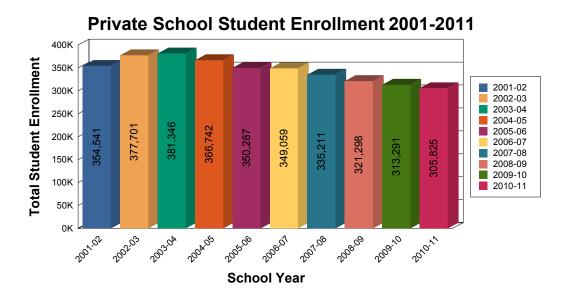

The Directory of Private Schools is maintained by the Department of Education as a service to the public, to governmental agencies, and to other parties that are interested in obtaining information about Florida private schools. The Department's intent in maintaining the directory is not to regulate, control, approve, or accredit private schools. As such, the accuracy of data submitted pursuant to the annual online survey and inclusion of a school's information in the directory is not verified by the Department and does not imply approval or accreditation. The directory may be accessed online at: <a href="http://www.floridaschoolchoice.org/Information/PrivateSchoolDirectory/">http://www.floridaschoolchoice.org/Information/PrivateSchoolDirectory/</a>.
